

A BIRDERS' GUIDE TO MISSOURI PUBLIC LANDS

STRINGTOWN BRIDGE ACCESS-UPDATED 12/16/08

Edge Wade: edgew AT mchsi.com

50 acres Cole Co. DeLorme 37, G/H-10

Directions: From the south side of Jefferson City, take Rt. C 5 miles southwest to Hemstreet Rd. Go west one mile on Hemstreet Rd.

When to Visit/Species to Expect: Anytime. The seasonally-expected species typical of mid-Missouri riparian habitats should be present and easily accessed.

Features of interest to birders: Riparian forest and some grassland and scrub area near the entrance support a good suite of species.

A footpath leading upstream allows exploration along a short stretch of the Moreau River.

Toilets: None

Camping: None

Hazards/Limitations: None noted other than possible flooding

Nearby Birding Sites: Scrivner Road CA, Honey Creek Access, Jaycee Park Lake
